### DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always keeps the itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; by killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### HEAVY SNOWSTORM.

MILWAUKEE, Wis., Jan. 4.—The first real storm of the winter came last night when snow and sleet united with a forty-mile wind in playing havoc on all the streets of the city.

Signs were blown down, windows were blown about, while the street cars and trains were able to maintain their schedules only with the greatest difficulty.

### THE INITIAL ATTRACTION.

John Cort Sends the "Chas. A. Taylor" Company Here.

The first attraction to be sent to this city under the new order of affairs, is to be the Chas. A. Taylor New York Company, presenting "Her Marriage Vow." This is the organization that has been crowding houses and breaking records in all the larger cities. They have been thirteen weeks in Seattle, two weeks in Portland, two weeks in San Francisco, two weeks in Los Angeles, three weeks in Salt Lake, three weeks in Denver and have been brought back to the coast to play the entire coming summer. Such a record speaks for itself and Manager Selig will doubtless start his connection on the circuit with an attraction worthy for a respectful hearing.

"Her Marriage Vow" is a big eastern success of four years' standing and judging from the press comment from elsewhere the Taylor players, headed by Miss Aileen May, give an excellent rendition of it. The prevalent scale of popular prices will prevail.

## IS A DEATH BLOW

Death of General Rodriguez Will  
End Revolution.

### THE DECEASED HAD ENDS

General Rodriguez Was Well Known in United States Where He Lived for a Long Time—Was Graduate of Fordham College.

NEW YORK, Jan. 5.—That the death of General Rodriguez, who led the Morales insurrection in San Domingo, will be the death blow to the uprising was the opinion expressed yesterday by Fabio Fiallo, consul-general of San Domingo in this city.

According to Senor Fiallo, President Caceres can give far more substantial aid to the pending treaty between the United States and San Domingo. He further declared that General Morales incited the revolution to defeat the treaty. In discussing the relation of the treaty to the present political disturbance in the country the consul-general said:

"General Morales' special aim was to make certain provisions of the treaty the means of establishing his own personal power. This explains not only the friction with the cabinet, but the mistrust with which the people generally at first regarded Article VII of the treaty, by which the Washington government was empowered to help with arms and ammunition the Dominican executive whenever the latter should require such aid for the re-establishment of order.

"Had the treaty been submitted to the United States Senate without any amendment to article seven, Morales would not have gone to the Revolutionary party. His present purpose is either to defeat the treaty and bring anarchistic conditions that eventually might give him dictatorial powers or else provoke American intervention. Happily, President Caceres can give a far more substantial aid to the treaty than Morales could. He not only has the full confidence of the cabinet and his party, but has, moreover, the co-operation of Emiliano Tejera, the minister of foreign affairs, without doubt the news of the killing of General Rodriguez in the fighting at Puerto Plata was a shock to his friends in this city where he lived for some time. He was a graduate of Fordham College.

In eleven months 986 foreign automobiles, valued at nearly \$4,000,000, have been imported at New York alone. And in the meantime dozens of American factories have been turning out these vehicles in nearly all shapes and sizes.

### A Grim Tragedy

is daily enacted, in thousands of homes, as death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Charles Rogers, druggist. Trial bottle free.
